SKYDOME
a layer-by-layer look at the Blue Jays' remarkable new ballpark

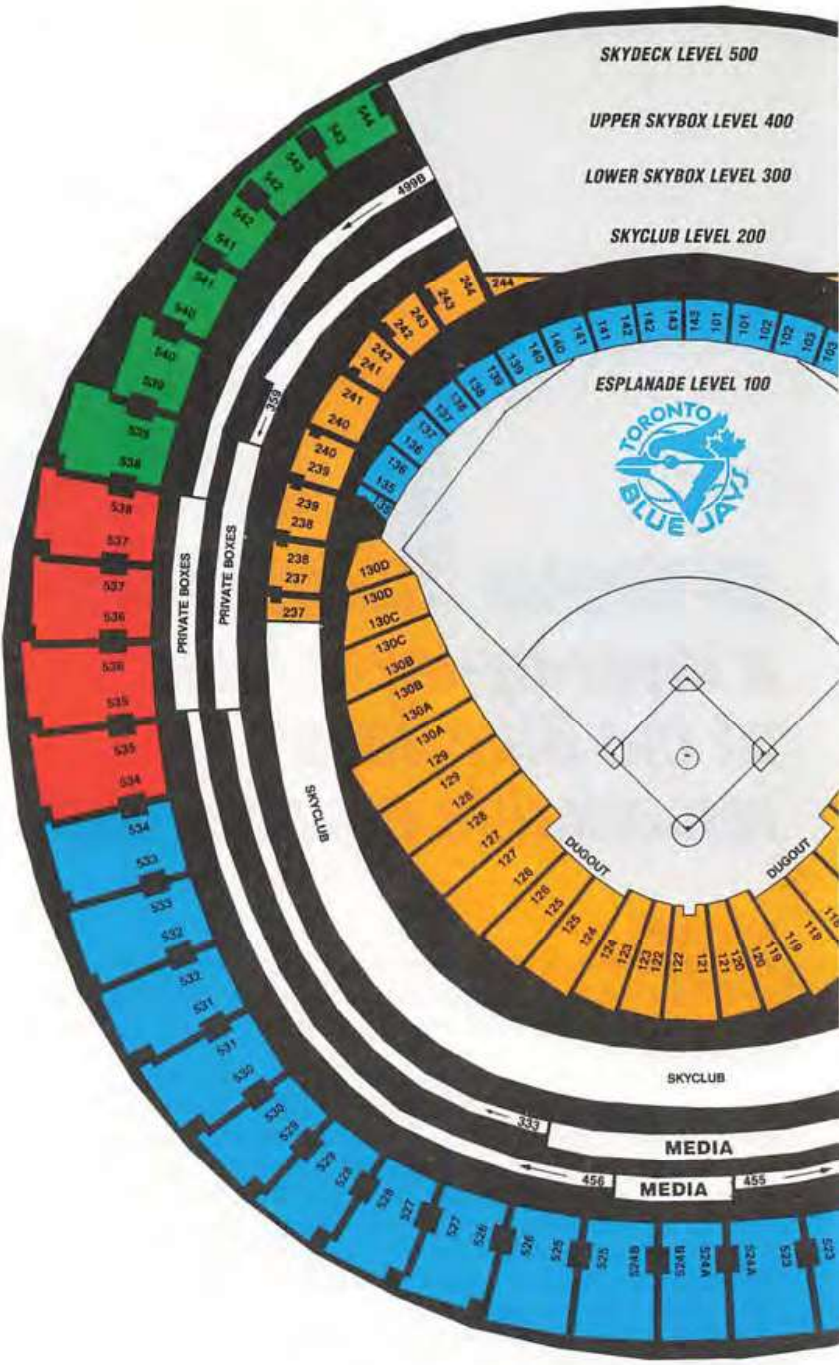
SKYDOME

Toronto's superb new stadium with a retractable roof is scheduled to become the official home park of the Blue Jays on Monday, June 5, 1989, when the Milwaukee Brewers come to town to open a three-game series.

In moving to SkyDome, the Jays will find themselves playing in the world's most advanced and luxurious ballpark. From bottom to top, everything from the artificial turf to the seating, video scoreboard, and roof employs the finest and newest technology available. Located to the west and south of the CN Tower and north of the Esplanade between John and Peter Streets, the very scale of the project is astonishing. When closed, the retractable roof covers an area of eight acres and rises to an inside height equivalent to that of a 31-storey building – almost twice as high as Minnesota's Metrodome.

From its conception, SkyDome took an innovative approach to financing, construction and design. The stadium is owned by Stadium Corporation of Ontario Ltd., a partnership that incorporates both government and private investors. The Province of Ontario and the Municipality of Metropolitan Toronto contributed $30 million each. Joining these two levels of government are 25 Canadian corporations – including the Toronto Blue Jays Baseball Club – each of which has contributed $5 million in exchange for preferred-supplier status and a SkyBox. Canada's three major breweries have also joined the partnership with $5 million contributions. This blending of public- and private-sector investment stands as a unique model in the financing of a showpiece project. The final cost of SkyDome construction is more than $400 million.

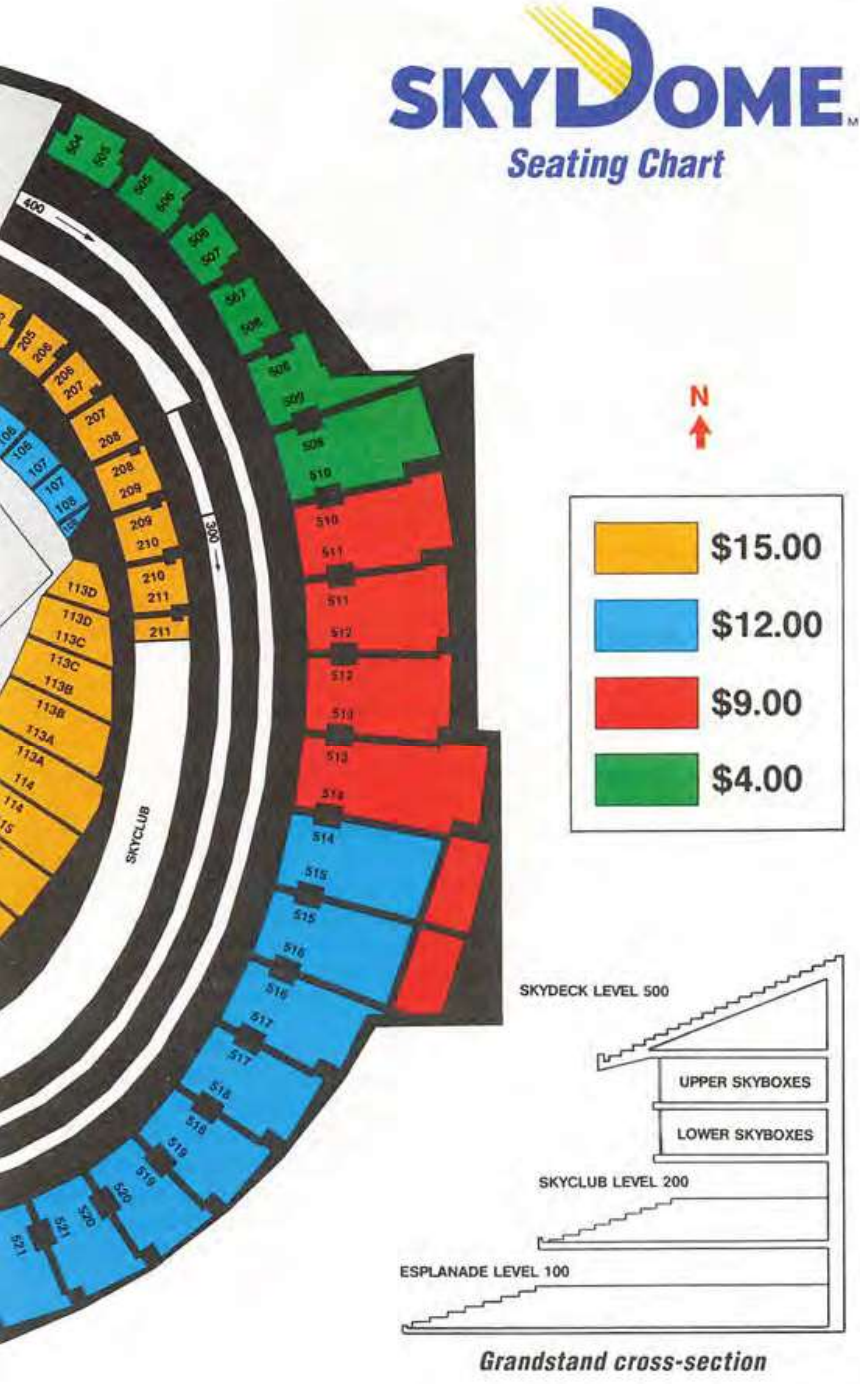
Architects Rod Robbie and Michael Allen designed SkyDome and have patented its retractable-roof system. Site preparation began in April of 1986, with groundbreaking taking place in October of that same year. The last exterior concrete was poured in November of 1988 and the first test of the moveable roof panels took place in January of 1989. More than 10,000 person-years of employment were created by the construction of the new stadium.



SEATING AND TICKETS

The fibreglass seating throughout SkyDome plays an important part in deadening crowd sound. SkyDome seats are slightly wider than those in Exhibition Stadium. All have 31 inches of leg room, eliminating the need to stand up in order to let other fans into the row. Rows in the SkyDome are only 20 seats wide, compared with 41 in Exhibition Stadium. No fan in SkyDome will be more than 10 seats from the closest aisle. The seats themselves will be blue, growing progressively lighter in tone towards the top of the stadium. Compared with Exhibition Stadium, seats in the SkyDome will feel closer to the action since a steeper grade and overhanging decks combine to reduce the setback from the playing field.

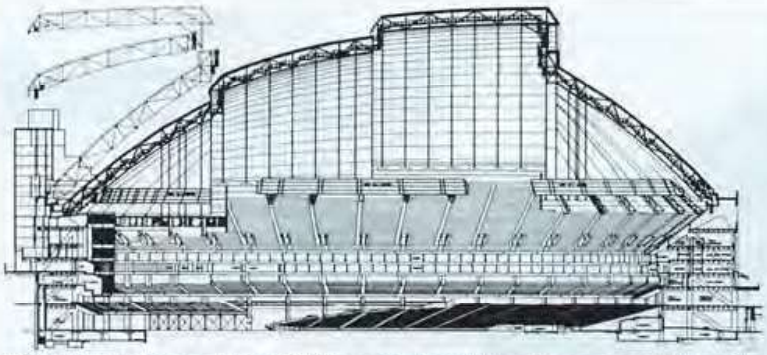
SkyDome will seat 53,000 for baseball, compared with 45,000 at Exhibition Stadium. Of these seats 41,000 are located within the foul lines (26,000 at Exhibition Stadium) with seating of five different levels. The seats closest to the playing field are on what is called the



Grandstand cross-section

"Esplanade" or "100" level. (All SkyDome seating sections have a three-digit number, the first of which indicates the level of deck.) There are 23,000 seats on the Esplanade level, 16,000 of which are between the foul poles with the remainder in the outfield. The "Club" or "200" level includes 5,800 premium club seats between first and third base as well as 3,500 chairs. The "SkyBox" levels (300 and 400) contain 161 luxury private boxes, each of which can seat 16 people. The "SkyDeck" or "500" level tops off SkyDome with 18,000 upper-deck seats. SkyDome has also been designed to allow easy entry and exit at different levels within the stadium. Inside, a network of wide concourses and rampways connects the five levels.

Blue Jays ticket prices in SkyDome are $15, $12, $9 and $4. Half the seats in the stadium will be sold on a game-by-game basis.



This interior cross-section of SkyDome is viewed from the west and shows the roof both open and closed. When retracted, the four roof panels stack at the northern end of the stadium which is to the left in this illustration.

THE BALLFIELD

The artificial-turf system chosen for SkyDome is AstroTurf 8, the newest version of the original artificial-turf product installed in Exhibition Stadium and now in use in 16 other Major-League ballparks. SkyDome developers acquired 15-by-90 foot samples of three other artificial-turf products before making their decision. These four turf samples were tested by both the Argos and Blue Jays, as well as being analyzed in a research lab at the University of Calgary. AstroTurf 8 was found to have the truest and most grass-like bounce in addition to superior padding.

The dimensions of the new ballfield itself are symmetrical. The fences are 400 feet from home plate in centre field, 330 feet down the foul lines, and 385 feet in both power alleys. The diamond is centred exactly two degrees off perfect north – just as it is in Exhibition Stadium. The outfield wall in SkyDome is 10 feet tall – two feet less than the height of the wall in Exhibition Stadium – while SkyDome bullpens are located just beyond the left – and right-field fences, rather than in foul territory. When SkyDome is used for concerts, conventions, or other sports events, the pitcher's mound will be lowered by means of an hydraulic system.

BIG VIDEO

The SkyDome scoreboard includes the biggest video display ever constructed. Designed by Sony, the new Jumbotron videoboard can display high-resolution full-colour video images up to 35 metres (115 feet) wide by 10.3 metres (33 feet) high. It is more than three times the size of the next largest videoboard in existence. It is almost five times the size of the black-and-white replay screen used in Exhibition Stadium. Five cameras and a production crew will feed images to the Jumbotron and, if a game is being televised, replays and game action from the actual broadcast feed can be shown on the videoboard.

TOPPING IT OFF

It is SkyDome's roof, of course, that makes the Blue Jays' new homefield unique. The "power dome" contains four panels made of interconnected steel trusses covered with a corrugated steel deck, acoustic and thermal insulation, and an outside layer of white plastic. At the northern end of the stadium is panel 4, a fixed quarter dome. When opening, the other three panels retract and stack above this fixed section. When closing, the roof's south quarter dome, panel 1, is rotated 180 degrees to the other end of the stadium. Panels 2 and 3 are arched roof sections which fill in the centre of the roof structure. Opening or closing takes 20 minutes, except in high winds when more time is required. With the roof open, 91 per cent of SkyDome seats will be uncovered. The total weight of the roof is more than 8.5 million kilograms (19 million pounds).

To all of this add five restaurants, an entertainment centre, health club, 300-foot long bar, hotel, 32 fast-food concessions, and 15 beer stands and you've got SkyDome, the most remarkable stadium in the world. To all of *this* add the Toronto Blue Jays – and the old saying "take me out to the ballgame" will never be the same.

YEAR-BY-YEAR REVIEW

1988 Late-season streak sees Jays finish 2 games back

Jays' MVP Fred McGriff led the club with 34 HRs and 100 runs scored in 1988.

HAVING SO NARROWLY MISSED winning the A.L. East title in 1987, the 1988 Blue Jays entered the season as an acknowledged contender. But the club started slowly, winning only 9 of 22 games in April and 13 of 26 games in May. By the end of May the Jays were in sixth place – 12 games back and 7 games under .500. At the All-Star Break the club was 42-46 and 11½ games back.

After the All-Star Break, and with the return of pitchers Jimmy Key and Jeff Musselman from the disabled list, the Jays played their most consistent baseball of the season. The team registered the Division's best post-All-Star record with 45 wins and 29 losses for a 22-7 record in September and October. But this late-season drive wasn't enough to catch the Red Sox, who had also surged in the standings. The Jays ended 1988 tied for third place, two games behind Boston.

The Blue Jays did well at the plate in 1988, leading the A.L. in home runs (158), triples (47), total bases (2330), and slugging percentage (.419). On the mound, the Jays' staff led the League and tied a club mark with 17 shutouts. Fred McGriff led all first basemen with a .997 fielding percentage, while three-time Gold Glove winner Tony Fernandez finished third among shortstops with a .981 fielding percentage despite being hampered by off-season surgery. Fred McGriff led the club with 34 home runs and hit .282. Kelly Gruber enjoyed his finest season as a Jay, and his first as the club's regular third baseman, hitting .278 with 81 RBI. George Bell, who had a major-league record three home runs on opening day, was the club's RBI leader with 97. Tony Fernandez hit .287 with 70 RBI and Rance Mulliniks, employed largely as a DH, hit .300. Rookie catcher Pat Borders hit .273 in 56 games while first-year outfielder Rob Ducey hit .315 in 27 games. The DH spot hit a League-leading .288 with 25 HRs and 95 RBI.

Dave Stieb had his best season since 1985, finishing with an ERA of 3.04 and a record of 16-8. He recorded three one-hitters in 1988 and had no-hit bids spoiled with two out in the ninth inning in each of his last two starts of the season. Jimmy Key, who started three games in April before requiring elbow surgery that placed him on the disabled list for 75 days, finished at 12-5 with an ERA of 3.29. Tom Henke led the relief corps with 25 saves and a 2.91 ERA while Duane Ward earned 15 saves and a 9-3 record.

1987 Duel with Detroit sees Jays a close second

Manager	W	L	Pct.	Pos.	GB	Attendance

Lloyd Moseby's 26 HRs, 96 RBIs and 106 runs were career highs for the Jays' centerfielder.

IF YOU WROTE a story about a baseball pennant race, you wouldn't and couldn't pack in as many thrills as were contained in the last ten games of the Toronto Blue Jays' 1987 season. Leading the Tigers by a half game with ten left, the Jays played home and home series against Detroit on the last two weekends of the year. These seven games – with the division championship on the line – were all one-run contests.

The Jays won the first three against Detroit to stretch their lead to 3½. They led the fourth game going into the ninth before a Kirk Gibson home run paved the way for an eventual Tiger victory in extra innings. Three losses to Milwaukee sent the Jays into Tiger Stadium with a one game lead and three to play. The Tigers swept the series, despite marvelous pitching performances from Mike Flanagan and Jimmy Key in the final two games of the season. The Jays finished two games behind Detroit at 96-66/.593 – the second best-record in the majors and three games short of the franchise record of 99 wins in 1985.

Despite the disappointment of the last week of the season, 1987 was a year of superlatives for the Jays. The club led the A.L. in attendance, drawing almost 2.8 million, and registered the sixth-highest home run total in league history with 215 including an incredible 10 HR single-game barrage against Baltimore on September 14th.

George Bell (47 HRs and 134 RBIs) had a career year, earning A.L. MVP honours. Jimmy Key allowed no more than three earned runs in 30 of 36 starts, finished at 17-6 with an ERA of 2.76 and was runner-up in balloting for the Cy Young Award. Tony Fernandez, despite a sore knee, was one of baseball's top defensive shortstops, while hitting .322 with 32 stolen bases. Tom Henke led the A.L. in saves with 34.

Rookie Fred McGriff hit 20 HRs while first-year lefthander Jeff Musselman finished at 12-5 with 68 appearances. Nelson Liriano played in the final 37 games of the season, starting at second base and hitting out of the leadoff spot. Mike Flanagan yielded two runs or less in five of seven starts for the Jays after being acquired from Baltimore on August 30. Hard-throwing relievers David Wells and Duane Ward combined for 25 appearances from the bullpen after being called up for the stretch run.

The Jays' starting lineup and pitching rotation changed considerably during the course of 1987. The 1988 squad combined veterans at the peak of their abilities with talented younger players ready to play and improve at the major-league level.

All-star Jesse Barfield hit 40 home runs.

THE BLUE JAYS' tenth anniversary season proved the baseball adage that it's easier to win a title than to defend one. The American League pennant and World Series Championship would have to wait at least another season as the club, under new manager Jimy Williams, finished the season in fourth, 9½ games behind the Boston Red Sox.

George Bell and Jesse Barfield had the finest seasons of their careers. Bell had 31 home runs and 38 doubles along with a club record 108 RBIs – tied with Barfield, who established club records with 40 homers, 107 runs, a .559 slugging percentage, and 108 RBIs. Tony Fernandez, again playing in every game, led the club with a .310 average and showed himself to be one of the top shortstops in the game. Barfield, Bell, and Fernandez were selected to post-season all-star teams and Barfield and Fernandez became the first Blue Jays to win Gold Glove awards. Rick Leach finished at .309, appearing in 104 games at first base, in the outfield, and as a designated hitter. He had ten pinch-hits.

Jim Clancy and Dave Stieb became the club's first 100-game winners. Clancy was the most consistent of the Jays' starters for most of the season, though he lost his final seven decisions. Dave Stieb lost his first six decisions; he was 2-9 at the All-Star break but improved to finish at 7-12. Jimmy Key was also winless in his first six starts, but found his groove to finish the season at 11-11. He did not allow a run in his last 19.1 innings of work. Mark Eichhorn, who earned a spot on the roster in spring training, won fourteen games in relief in 1986, and set the club record for lowest ERA at 1.72. Eichhorn, who had adopted a submarine-style delivery, held opposing teams scoreless in 42 of his 69 appearances and was selected rookie relief pitcher of the year by *The Sporting News*. Tom Henke continued as the team's top stopper, finishing with a club record of 27 saves.

In their first ten seasons, the Blue Jays grew from a raw expansion franchise to a multi-talented team. The club's second decade began with a nucleus of players among the best in baseball.

1985 A Dream Season: 99 wins and a championship

Lefthander Jimmy Key won 14 games with 213 IP.

A FIRST-PLACE FINISH and the American League East Division Championship came to the Blue Jays on October 5, 1985 when Doyle Alexander pitched a complete game to beat the New York Yankees 5-1. The Jays finished with 99 wins and went on to take a 3-1 lead in games against the Kansas City Royals in the American League Championship Series, before the Royals battled back to win in seven games.

The Jays had made changes. In December of 1984, Griffin and Collins had gone to Oakland for relief ace Bill Caudill. Jim Gott and two minor leaguers had gone to San Francisco for lefthander Gary Lavelle in January of 1985. Dennis Lamp had been moved to middle relief and Jimmy Key had become part of the starting rotation. Bell, Barfield, and Fernandez were now everyday players. Cliff Johnson, who was later reacquired in mid-season, signed with Texas as a free agent, and as compensation, the Jays received little-known pitcher Tom Henke, who began the year in "AAA".

The team moved into first place on May 13. The Jays' bullpen had its best record ever, with 47 saves and a 35-20 won-lost record. After a fast start, Caudill's production tailed off and Jim Acker got the call in short-relief situations. Acker registered ten saves, seven wins, and a 3.23 ERA. Dennis Lamp, pitching long or middle relief, had a remarkable 11-0 season and was the Jays' most consistent pitcher. But the big bullpen story was Tom Henke. Called up in late July, the hard-throwing righthander became the club's top reliever, saving thirteen of fifteen games. Jimmy Key had a fine season in his first year as a starter, going 14-6 and giving the Jays their first wins by a lefthanded starter since Paul Mirabella defeated Boston on October 4, 1980.

Barfield and Bell were friendly rivals for Player of the Year; both hit and fielded their positions strongly. Tony Fernandez appeared in all 161 games, batting .289. Garth Iorg had his best season, hitting .313. Ernie Whitt had nineteen homers.

The Jays had come within one win of the American League pennant. Nine seasons of player development and roster moves had established the club as one of baseball's best.

1984 Unstoppable Tigers hide Jays' strong season

Doyle Alexander was 17-6 with an ERA of 3.13.

THE JAYS MADE MOVES to improve their bullpen, as late or extra-inning losses had hurt the club in 1983. Dennis Lamp became Toronto's first significant free agent signing, and a trade that sent Barry Bonnell to Seattle brought lefthander Bryan Clark to the Jays' relief corps.

Despite these efforts, the year was marked by the inability of the Jays' bullpen to close games. After a seemingly charmed streak of nineteen one-run victories in the first half of the season, the Jays dropped 25 of 40 one-run games over the rest of the schedule. They finished with 89 wins, matching their 1983 total and winding up in second place. This was the year of the "flying Tigers", as the Detroit club's fast start (35 wins in their first 40 games) allowed them to lead from wire to wire.

Player of the Year for the Jays was Dave Collins, whose .308 batting average with 41 extra base hits and 60 stolen bases made him the team's rally-starter. Moseby had his second fine season, hitting .280 with eighteen homers and 39 stolen bases. Rance Mulliniks, part of the Jays' third-base platoon, hit .349 with runners in scoring position. His .326 average was the best on the club. Tony Fernandez played in 88 games with the Jays, hitting .270 and staking claim to the starting shortstop's job for 1985.

Doyle Alexander had a great year on the mound, going 17-6 with 262 innings pitched and eleven complete games. Stieb had another fine year at 16-8 with an ERA of 2.83. Jim Clancy and Luis Leal each won thirteen games.

For the first time in franchise history more than two million fans made their way to Exhibition Stadium to be part of a pennant race. But the Tigers never faltered; the Blue Jays were a good team, but a piece or two was still missing from the championship puzzle.

THE BLUE JAYS had at last become serious contenders. This season saw the ballclub only 1½ games out of first place in late August when, in one disastrous week, the Jays lost six times either in extra innings or in the ninth.

The team strengthened its designated hitting, acquiring veteran sluggers Cliff Johnson and Jorge Orta through trades. The two combined for 34 home runs and 113 RBIs, the top totals in the league. The Jays increased their total run production to 795, up almost a full run per game on 1982, and their .277 team batting average and .436 slugging average led the American League.

Lloyd Moseby had his finest season, becoming the first Jay to score more than 100 runs. He hit .315 with eighteen home runs, 81 RBIs, and 27 stolen bases. Power came from Willie Upshaw who became the first Jay to record 100 RBIs. He had 27 homers and 99 runs scored, sharing Player of the Year honours with Moseby. Damaso Garcia had another strong year, finishing at .307 with 31 stolen bases despite being hampered by knee problems.

The outfield had a different look due to the acquisition of Dave Collins from the New York Yankees. Collins platooned in left with Bonnell and, later in the season, George Bell. Bonnell did spot duty in all outfield positions, hitting .318. Barfield had 27 homers in right.

The pitching staff depended on Stieb, Clancy, Leal, and Jim Gott as starters, but when Gott was sidelined with recurring blister problems, the Jays acquired veteran righthander Doyle Alexander who had been released by the Yankees in June. Alexander won seven and lost six for the Jays.

It was quite a year in baseball. George Brett had a home run disallowed because he had too much pine tar on his bat and Dave Winfield accidently hit one of Exhibition Stadium's ever-present outfield seagulls with a baseball. More important, it was the year of Toronto's first exposure to pennant fever. Fans were ready for more.

1982 Cox's platooning Jays on verge of contention

Damaso Garcia hit .310 in 1982.

THIS WAS THE YEAR that the Jays finally escaped seventh place in the American League East Division standings. A late-season surge saw them win ten of their last twelve games and finish in a tie with Cleveland for sixth. The club's winning percentage showed its greatest improvement, as the Jays finished at .481 with 78 wins.

Bobby Cox's first season as manager saw some of the club's promising young players take increasingly large roles. Willie Upshaw took over at first base after John Mayberry was traded to Kansas City in May. In 580 at-bats, Upshaw had 75 RBIs and 21 home runs. Damaso Garcia had his best season yet, hitting .310 with 185 hits and 58 stolen bases. He was the toughest Blue Jay to strike out in 1982, and could have posted even greater numbers had he not suffered a hand injury when he was again hit by a pitch in late August. Garcia was the Jays' Player of the Year. Jesse Barfield, playing rightfield almost exclusively against lefthanded pitching, had eighteen home runs and 97 hits, including a pinch-hit grand slam. Despite being a platoon player, Barfield was second in the American League in outfield assists, with fifteen, and was selected as the club's Rookie of the Year.

Platooning was an important part of Cox's strategy. Barfield shared rightfield with Hosken Powell. Garth Iorg and newly acquired Rance Mulliniks shared third and Ernie Whitt and Buck Martinez handled the catching responsibilities.

Meanwhile Dave Stieb was blossoming into one of the American League's top pitchers. He led the league with 288.1 innings pitched, nineteen complete games, and five shutouts. He won a club-record seventeen games for the Jays, despite being unable to register a win until his fifth start of the season. Jim Clancy rebounded from his injuries of the previous season to post a 16-14 record and Luis Leal gave the Jays their first effective third starter, going 12-15 with 250 innings pitched. In relief, Dale Murray became the Jays' ace, with eleven saves and eight wins in 111 innings pitched.

The club appeared ready to move up the standings in the American League East.

Dave Stieb was 11-10 with 184 IP.

IN A SEASON SPLIT in half by a 59-day players' strike, the Blue Jays' performance combined the worst start and the strongest finish in the franchise's five-year history. When the strike began, the Jays' record was a mediocre 16-42 for a .276 winning percentage. After the strike was over, the Jays played .500 baseball for all but the last two weeks of the season.

Dave Stieb became the first Jays regular starter to win more decisions than he lost, finishing the year at 11-10 with an ERA of 3.19. Jim Clancy, troubled by nagging injuries, finished at 6-12. Luis Leal, a righthander in his second year with the club, was 7-13 with a 3.68 ERA in 130 innings pitched. In the bullpen, Joey McLaughlin recorded ten saves and a 2.85 ERA and Roy Lee Jackson, acquired from the Mets for Bob Bailor, had seven saves and an ERA of 2.61.

Damaso Garcia had an excellent second half for the Jays, hitting .375 before being struck by a pitch that broke his wrist in late August. Jesse Barfield and George Bell, who had been acquired from the Phillies in the major-league draft, began to play in the outfield after the strike. Barfield and Bell started in the outfield with Lloyd Moseby for the first time on September 3, 1981. Moseby, in his first full season with the Jays, tied with first baseman John Mayberry for the club lead in RBIs.

Tony Fernandez, a gifted eighteen-year-old Dominican shortstop, began his rapid climb through the minors. He finished the year in "AAA", hitting .278 in Syracuse. At the close of the season, the Jays – almost without realizing it – had become a promising, capable team loaded with young talent and ready to move forward. Manager Bobby Mattick was replaced by Bobby Cox at the end of the season as the Jays continued to improve.

1980 A new manager and the best season yet

Manager	W	L	Pct.	Pos.	GB	Attendance
Bob Mattick	**67**	**95**	**.414**	**7th**	**36**	**1,400,327**

John Mayberry hit a club-record 30 home runs.

BOBBY MATTICK was made the club's new manager. As the Jays' scouting supervisor, Mattick had been responsible for recruiting and developing the talented young ballplayers in the Blue Jays' system. Though he was a managerial rookie, his forty years in baseball, and his familiarity with the Jays' personnel, made Mattick a natural for the job. The Jays responded with their best season to date, 67-95, for a winning percentage of .414. It was the club's first season with fewer than 100 losses.

An important trade sent Tom Underwood and Rick Cerone to the New York Yankees for first baseman Chris Chambliss, lefthander Paul Mirabella, and minor-league infielder Damaso Garcia. Chambliss was then traded to Atlanta for outfielder Barry Bonnell and relief pitcher Joey McLaughlin.

John Mayberry had 30 home runs, establishing a club record that would stand for six seasons. Alvis Woods hit .300 with fifteen home runs and Barry Bonnell had 56 RBIs. Injuries eventually subdued the Jays' offence as Bonnell, Bob Bailor, Rick Bosetti, and Otto Velez were forced out of the lineup.

Jim Clancy and Dave Stieb had become the club's top two starters, with 13 and 12 wins. Stieb was American League Pitcher of the Month for April and represented the Jays at the All-Star Game. Jerry Garvin moved to the bullpen and recorded a 2.28 ERA in 61 appearances. Joey McLaughlin, Paul Mirabella, and Jesse Jefferson all pitched more than 120 innings.

Garth Iorg, who had seen spot duty with the Jays in earlier seasons, had 222 at-bats. Damaso Garcia played regularly at second, hit .278, and combined with shortstop Alfredo Griffin to give the club excellent middle-infield defence. Danny Ainge, a professional prospect in both basketball and baseball, had 111 at-bats as a utility infielder. Ernie Whitt became the team's number-one catcher and Lloyd Moseby and Willie Upshaw made the Blue Jays to stay.

More pieces of the puzzle were beginning to fall into place.

1979 Youthful Jays: talent in the wings

Alfredo Griffin was Player of the Year in 1979.

WINS WERE SCARCER than ever for the Jays. Though some of the club's young players began to show their talents, the Jays won only 53 times in 1979.

The youth movement continued with the trade of veteran catcher Alan Ashby to Houston for righthander Mark Lemongello, outfielder J.J. Cannon, and infielder Pedro Hernandez. With Ashby gone, Rick Cerone became the club's number-one catcher and delivered 61 RBIs hitting from the number-nine spot in the batting order. Another deal sent Victor Cruz, Rookie of the Year on last year's club, to Cleveland for Phil Lansford and a young shortstop from the Dominican Republic, Alfredo Griffin. Griffin started slowly in Toronto, but went on to become a co-winner of the American League Rookie of the Year award, along with John Castino of Minnesota. Griffin hit .287 with 179 hits, 81 runs scored, ten triples, and 21 stolen bases – club records, all of them.

Jim Clancy worked only 64 innings as a serious ankle injury put him on the disabled list. Tom Underwood lost his first nine decisions before going 9-7 for the rest of the season; he was the only Jays pitcher to go 200 innings.

On June 26 a talented rookie pitcher completed the almost unheard-of leap from "A" ball to the majors in one season. Dave Stieb, who had been converted from the outfield the previous year, was 5-0 with Dunedin in "A", 5-2 with Syracuse in "AAA", and 8-8 with Toronto, for a combined record of 18-10. Most of the Jays' other prospects were still honing their skills in Dunedin, Florida. Lloyd Moseby hit .332 and Jesse Barfield had 71 RBIs in the Florida State League.

Roy Hartsfield, who had managed the Jays for their first three seasons, was fired after the campaign. The second phase of building the Blue Jays was about to begin.

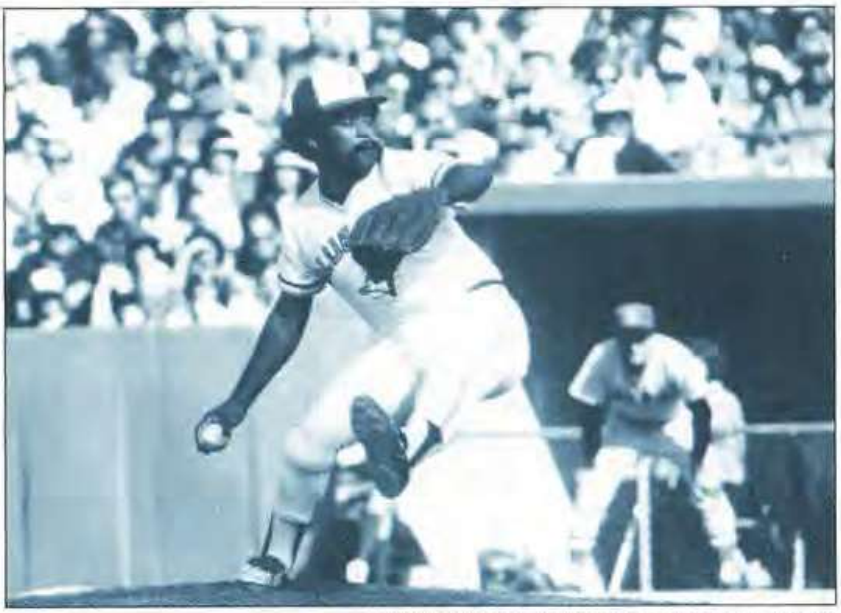
1978 Player changes help but wins still scarce

Manager	W	L	Pct.	Pos.	GB	Attendance
Roy Hartsfield	**59**	**102**	**.366**	**7th**	**40**	**1,562,585**



Victor Cruz had 9 saves and an ERA of 1.71.

TWO EXPERIENCED HITTERS joined the Jays for their second season. Righthanded-hitting designated hitter Rico Carty and lefthanded-hitting first baseman John Mayberry joined the club to add to the offensive punch expected to come from Ault, Velez, Bailor, and third baseman Roy Howell.

The club's first free agent, Luis Gomez, played shortstop, and Canadian infielder Dave McKay was shifted to second. In the bullpen, Pete Vuckovich was traded for two pitchers, lefthanded starter Tom Underwood and twenty-year-old reliever Victor Cruz.

Despite the changes and the improvement in many of the Jays' young players, this was a tough year on the field, as the club lost 102 games. Consistent offence and pitching proved elusive, as the Jays were outscored by their opponents 775-590 over the course of the season. Carty and Mayberry each hit 20 home runs and combined to drive in 138, but it wasn't enough.

A bright spot was rookie centrefielder Rick Bosetti who had seventeen assists and established a Blue Jays tradition of fast, young outfielders. Roy Howell, 1978's Player of the Year, played strongly at third base, while contributing eight homers and 61 RBIs.

Jim Clancy, in his first full season in the big leagues, was the club's only pitcher to win ten games. Tom Underwood led the staff in strikeouts with 140 while Victor Cruz topped all Toronto relievers with nine saves and a minuscule ERA of 1.71. Underwood got the win in the highest-scoring game in Jays history, a 24-10 win over Baltimore on June 26. Mike Willis, a lefthanded reliever, had his first start of the season on September 20 when he faced Ron Guidry of the Yankees. Guidry was enjoying a sensational season and was 22 and 2 coming into Toronto. Willis responded with his only complete major-league game, beating Guidry and the Yankees 8-1.

In the June free-agent draft, the Jays, picking second, selected a young outfielder named Lloyd Moseby. Down in "A" ball, eighteen-year-old Jesse Barfield hit just .206, and another struggling slugger, Dave Stieb, was switched from the outfield to the pitcher's mound.

1977 Major League Baseball comes to Toronto

Manager	W	L	Pct.	Pos.	GB	Attendance
Roy Hartsfield	**54**	**107**	**.335**	**7th**	**45½**	**1,701,052**

Dave Lemanczyk had 13 wins and 278 IP.

APRIL 7, 1977: Big-league baseball came to Toronto, to a snow-covered field. The 1977 Blue Jays – a team of rookies, career minor-leaguers, and players other clubs didn't want – played the Chicago White Sox, a team then in its seventy-sixth year of existence. And, just as in the story books, the unknown Blue Jays won – and Torontonians were won over. That season, 1,701,052 fans turned out to share the city's first taste of major-league baseball.

The first-year Jays never threatened to win the pennant – they finished with 54 wins and 107 losses – but the team was entertaining and surprisingly competitive, with 77 of its 161 games decided by only one or two runs. And the club had character; players began emerging as fans' favourites right from that first game on April 7.

Doug Ault, a 27-year-old rookie first baseman, homered twice in the Jays' first game. Outfielder Otto Velez, acquired from the New York Yankees, started the season with a bang, hitting .442 for the month of April and winning the American League Player of the Month award. Bob Bailor, the Jays' first pick in the 1976 expansion draft, turned in a gritty first-season performance which saw him hit .310, the highest-ever mark for a player on a first-year expansion club. Ron Fairly, a twenty-year veteran, led the club with nineteen home runs and became the first player since Stan Musial to play more than 1,000 games in both the infield and the outfield.

On the mound, Dave Lemanczyk led the staff, working 252 innings and recording thirteen wins, another first-year expansion club record. Second in wins and innings pitched was lefthanded forkballer Jerry Garvin, who led the A.L. in pickoffs with 22. The club's first relief specialist was Pete Vuckovich who finished with eight saves, a 7-7 record, and an ERA of 3.47. Vuckovich, who went on to win the Cy Young Award with Milwaukee in 1982, pitched the Jays' first shutout, a 2-0 win over Baltimore on June 26.

The Blue Jays were in the big leagues, and the slow process of building a ballclub had begun.

NAME THE TEAM CONTEST

The Blue Jays were named in a contest conducted in June and July of 1976. Over 30,000 individual entries were received, suggesting over 4,000 names for the new American League club. From the list of names submitted, specially-appointed panels of judges selected ten names to submit to the Board of Directors. The Directors chose the name "Blue Jays" from that list and announced their decision on August 12th, at which time the team officially became the Toronto Blue Jays Baseball Club.

A total of 154 people submitted the name Blue Jays, and a drawing was held to select a grand prize winner from those who submitted the name. Dr. William Mills of Etobicoke, Ontario, won a pair of season tickets for 1977 and an all-expenses paid trip for himself and his family to watch the Blue Jays at spring training in Dunedin, Florida. Nine runners-up also won season tickets.

BLUE JAYS LOGO

The Blue Jays logo was created by the Toronto design firm of Savage Sloan, Ltd. It depicts a stylized Blue Jay on a red baseball outline incorporating a red maple leaf. The logo features two shades of blue, and red. It was selected to represent three facets of the club's identity: the team name, baseball, and the fact that the team is Canadian.

BATTING DATA: The 215 HR's hit by the BLUE JAYS in 1987 was a club record and enabled the BLUE JAYS to have the sixth most HR's in American League history behind the 1961 Yankees (240), 1987 Tigers and 1963 Twins (225), the 1964 Twins (221) and the 1982 Brewers (216) . . .It also placed eighth overall on the major league list . . .National League clubs which have eclipsed the 200 HR mark include the 1953 and 1955 Brooklyn Dodgers (208; 201), the 1956 Cincinnati Reds (221), the 1987 Chicago Cubs (209) and San Francisco Giants (205).

FORFEIT GAME: The Blue Jays have played one forfeit game, a 9–0 decision vs Baltimore on September 15, 1977. . . In that game Clancy had held the Orioles to two-hits over five innings before Earl Weaver pulled his club off the field. . . His reason was that the tarps on the Blue Jays bullpen created a hazard for his players.

NO-HITTERS: The longest the Blue Jays have gone protecting a no-hitter is 8.2 innings. . . Dave Stieb accomplished this feat in consecutive starts, September 24, 1988 (base hit by Julio Franco) and September 30, 1988 (base hit to Jim Traber). . . Both no-hit bids were lost on 2-2 pitches.

PITCHERS AT THE PLATE

The Blue Jays have never had a pitcher bat in a regular season game in their first eleven seasons.

DAVE STIEB batted against Minnesota Twins on August 29, 1980 at Exhibition Stadium but he was playing the outfield.

Stieb had gone in to play left field in the 15th inning of a suspended game started on August 28th.

In his only time at the plate he flied out to the center-fielder, Ken Landreaux in the bottom of the 15th. The pitcher was Al Williams.

He played one inning and had no fielding opportunities as the Jays lost 7–5 in 15 innings.

BACK-TO-BACK-TO-BACK HOME RUNS: The Blue Jays have hit three consecutive home runs, twice in their ten year history. The first time it happened was April 26, 1984 vs Oakland at Exhibition Stadium. In the bottom of the 6th inning with one out Willie Upshaw had a solo home run to left on the first pitch. George Bell followed with another home run to left on a 3-2 count. Jesse Barfield completed the trio of home runs with one to right field on 0-1 pitch. All three home runs came off RHP, Mike Warren. Final score of game was Oakland 7, Toronto 4. The last time was September 12, 1987 vs. the Yankees at Exhibition Stadium. With two out in the 8th inning Ernie Whitt hit a three-run HR against Tom Fulton. That was followed by solo shots by Jesse Barfield and Kelly Gruber also against Fulton. The final score was Toronto 13, New York 1.

ITEMS OF INTEREST

PLAYER LIMITS: 40 until opening day, when the number must be reduced to 25 until September 1, when it again becomes 40. The minimum number of active players maintained by each club throughout the championship season shall be 24.

TRADING REGULATIONS: The trading deadline is July 31.
Trades may be made with any other major league club in the period from the end of the championship season through July 31 (5.00 pm EDT) without waivers. Waivers are required, however:

1. If the assignment is to another major league club: From August 1 and ending at 5 pm EDT the day after the end of the season.
2. If assignment is to a minor league club, with right of recall, at any time after 3 years from the date the player first reported to a major league club during a championship season.
3. If assigned to a minor league club without right of recall, after acquiring 3 years service: At any time during the year.
4. If assigned to a minor league club, without right of recall, at any time prior to acquiring three years of service, special waivers are required between September 1 and the opening of the following season. If player is claimed, request may be withdrawn. If no claims are made, club has 7-day period in which to make assignment to minor leagues.

WAIVERS: The 1985 collective bargaining agreement brought about changes in the waivers process. Following is information on the new waiver agreements.

SUBSTANTIVE

- The "trading deadline" is now *July 31*. Waivers are required for any inter- or intra-Major League assignment during the period beginning August 1 and ending at 5 pm ET the day after the end of the season. During the other ten months of the year no waivers are needed.
- It will be easier to compute which players need waivers before they may be optioned: if three years (less one for each previously spent on option) have elapsed since the player *actually* reported to the Major Leagues for the first time, waivers are required. The date of actual physical reporting will be used as the benchmark instead of the date the player was first placed on a club's 40-man roster.
- The procedure for outright assignments to the National Association remains unchanged from the 31st day of each season until August 31; during this period, ordinary waivers are required. However, from September 1 until the 30th day of the following season, special waivers are required:
  The club must tender a special waiver request specifying that waivers are requested for the purpose of outright assignment to the National Association. The claiming period, as with other waivers, is three business days, and an assignment pursuant to special waivers must be completed by 2 pm ET the seventh day after the waivers were secured.
- Seventy-two-hour waivers, secured on players recalled not to report, continue unaffected except insofar as they no longer suffice for an outright assignment to the National Association during those times in the year when special waivers are required.

PROCEDURAL

- Waiver requests deadline is now 2:00 pm Eastern Time.
- Claiming period is now *three business days* for all waiver requests, including "special waivers" and waivers for the purpose of unconditional release.
- AL Only and NL Only waivers have been abolished.
- In the event of claims, withdrawals period is *two* business days.
- A club may withdraw once *per waiver period* on any one player.
- New waiver periods:
  November 11–30th day of season
  31st day of season–July 31
  August 1–November 10
- "Special waivers" and waivers for the purpose of unconditional release may both be requested during the closed period, October 10–November 10.
- Waiver price for selected and draft-excluded players is now $25,000, and may be set by agreement ($20,000 minimum) in all other waiver assignments. Rules on priority of claim are unchanged.
- Closed period on selected and draft-excluded players now runs from October 10 through the 25th day before Opening Day, and no assignments may be made pursuant to such waivers until 15 days before Opening Day. "Dates to Remember", from the league offices, will specify the correct dates each year.

FREE AGENCY (RE-ENTRY): The 1985 collective bargaining agreement brought about changes in the free agency process. Following is the appropriate information:
Six years of Major League Service continues to be required to be eligible for free agency.
The Re-Entry Draft has been abolished.
A player has 15 days from the first day following the World Series to file for free agency.
By December 7, former club must offer to arbitrate *or* becomes ineligible to sign player. By December 19, player must accept offer *or* on January 9 former club becomes ineligible to sign the player. (Ineligible club regains eligibility the following May 1.)
If club and player proceed to arbitration, maximum salary cut rules do not apply.
Player who accepts former club's offer to arbitrate is not subject to repeater rights limitations.

SALARY ARBITRATION:
Beginning in 1987, three years Major League Service required for eligibility.
Beginning in 1987, maximum cut rules do not apply if in immediately preceding year player won arbitration increase of over 50%.
Beginning in 1987, arbitrator is officially instructed to give particular attention for purposes of comparison to salaries of players with Major League Service no more than one annual service group higher than player who is arbitrating.

FREE AGENT DRAFT RULE (AMATEUR DRAFT) – REVISED FOR 1987: One selection meeting shall be conducted each year in June to be known at the "Summer Meeting".

Major League Clubs shall select in reverse order of their league standing at the close of the preceeding season (determined by the percentage of games it won). No club may transfer to another club its right to select.

A selected player shall be placed on a club's Negotiation List and shall remain, thereon until the start of the Closed Period (The seven days preceding the Summer Meeting) of the next selection meeting, unless at an earlier date he (1) signs a contract (2) is removed because he was not eligible for selection (3) becomes a College Player by entering or returning to college.

A club may not transfer its Negotiation Right to any other club.

REGULATION GAME: A regulation game consists of nine innings unless extended because of a tie score or shortened because (1) the home team needs none of its half of the ninth or only part of it; or (2) because the umpire-in-chief calls the game after five completed innings. A regulation game may be less than five innings if the home team is ahead after the first of the fifth, or takes the lead or ties the score while at bat in the fifth.

TIE GAME: A regulation game that is called by the umpire-in-chief when both teams have the same number of runs is a tie game. Individual player performances are official and are entered in the records, but the game does not count in the League standings and may be re-scheduled at a later date.

SUSPENDED GAME RULE:
Rule 4.12 SUSPENDED GAMES

(a) A league shall adopt the following rules providing for completion at a future date of games terminated for any of the following reasons:
(1) A curfew imposed by law;
(2) A time limit permissible under league rules;
(3) Light failure or malfunction of a mechanical field device under control of the home club. (Mechanical field device shall include automatic tarpaulin or water removal equipment.);
(4) Darkness because of any law, the lights may not be turned on.
(5) Weather, if the game is called while an inning is in progress and before it is completed, and one of the following situations prevails:
(i) The visiting team has scored one or more runs to tie the score, and the home team has not scored.
(ii) The visiting team has scored one or more runs to take the lead, and the home team has not tied the score or retaken the lead.

(b) Such games shall be known as suspended games. No game called because of a curfew, weather, or a time limit shall be a suspended game unless it has progressed far enough to have been a regulation game under the provisions of Rule 4.10. A game called under the provisions of 4.12(a)(3) or (4) shall be a suspended game at any time after it starts.

(c) By amending NOTE to read as follows:
NOTE: Weather and similar conditions—4.12(a) (1 through 5)—shall take precedence in determining whether a called game shall be a suspended game. A game can only be considered a suspended game if stopped for any of the five (5) reasons specified in Section (a). Any legal game called due to weather with the score tied (unless situation outlined in 4.12(a)(5)(i) prevails) is a tie game and must be replayed in its entirety.

(c) A suspended game shall be resumed and completed as follows:
(1) Immediately preceding the next scheduled single game between the two clubs on the same grounds;
or
(2) Immediately preceding the next scheduled double-header between the two clubs on the same grounds, if no single game remains on the schedule, or
(3) If suspended on the last scheduled date between the two clubs in the city, transferred and played on the grounds of the opposing club, if possible;
(i) Immediately preceding the next scheduled single game, or
(ii) Immediately preceding the next scheduled double-header, if no single game remains on the schedule.
(4) If a suspended game has not been resumed and completed on the last date scheduled for the two clubs, it shall be a called game.

(d) A suspended game shall be resumed at the exact point of suspension of the original game. The completion of a suspended game is a continuation of the original game. The lineup and batting order of both teams shall be exactly the same as the lineup and batting order at the moment of suspension, subject to the rules governing substitution. Any player may be replaced by a player who had not been in the game prior to the suspension. No player removed before the suspension may be returned to the lineup. A player who was not with the club when the game was suspended may be used as a substitute, even if he has taken the place of a player no longer with the club who would not have been eligible because he had been removed from the lineup before the game was suspended.

4.11(d)
A called game ends at the moment the umpire terminates play. EXCEPTION: If the game is called while an inning is in progress and before it is completed, the game becomes a SUSPENDED game in each of the following situations:

(1) The visiting team has scored one or more runs to tie the score and the home team has not scored.
(2) The visiting team has scored one or more runs to take the lead and the home team has not tied the score or retaken the lead.

DISABLED LISTS: REGULAR DISABLED LIST: Maximum number of players on list at any one time–three (3). Minimum period of inactivity–twenty-one (21) days. Players may not be placed on the Regular Disabled List earlier than fifteen (15) days prior to the start of the Championship Season. SUPPLEMENTAL DISABLED LIST: Maximum number of players on list at one time–two (2) of which no more than one (1) may be a pitcher. Minimum period of inactivity fifteen (15) days. SPECIAL DISABLED LIST: Maximum number of players on list at any one time–one (1). Minimum period of inactivity–thirty (30) calendar days. Placements on this List are limited to Clubs who have two (2) players on the Supplemental Disabled List, and three (3) players on the Regular Disabled List, and subsequently incur an injury or ailment to a player whose estimated disability will exceed twenty-one (21) days, yet be less than sixty (60) days. EMERGENCY DISABLED LIST: Maximum number of players on list at one time–no limit. Minimum period of inactivity–sixty (60) calendar days. Players placed on this list after August 1st shall remain there for the balance of the season.

Day 1 is day *following* player's last game appearance.
Reinstatements may be made beginning Day 16, 22, 31, or 61 respectively; after minimum period has expired player may be reinstated at any time (except in certain "Emergency" cases . . . see above).

AMERICAN LEAGUE CURFEWS: No inning of an American league night game can start after 1:00 a.m., local time. Any inning started prior to 1:00 a.m. can be completed. Curfews shall be waived for the final series of the season between two teams in each of the cities.

Any game, regardless of length, called because of the time curfew, becomes a suspended game and must be completed from the exact point of interruption before the teams play their next scheduled game against each other.

DEFINITION OF NIGHT GAME: Any game scheduled to start after 6:00 p.m. (i.e. 6:01 p.m., or later), will be considered a night game. If a game is scheduled to start at 6:00 p.m., and is delayed by rain or for any other reason, it will be considered a day game.

However, both games of a twi-night doubleheader shall be considered night games. When afternoon and night games are played on the same date and separate admissions are charged, they will be counted as one day and one night game, and will not be included in doubleheader statistics.

BATTING CHAMPIONSHIP QUALIFICATIONS: A batting champion must have 502 or more actual plate appearances. (The equivalent of 3.1 appearances for each of the 162 scheduled games.). If, however, there is any player with fewer than the required number of plate appearances whose average would be the highest if he were charged with the required number of official at bats, then the player shall be awarded the batting championship.

EARNED-RUN AVERAGE CHAMPION QUALIFICATIONS: To win the earned-run average championship a pitcher must pitch at least as many innings as the number of games scheduled for each club in his league that season and have the lowest earned-run average.

FIELDING CHAMPIONSHIP QUALIFICATIONS: The individual fielding champions shall be the fielders with the highest fielding average at each position, provided:
(1) A catcher must have participated as a catcher in at least one-half the number of games scheduled for each club in his league that season;
(2) An infielder or outfielder must have participated at his position in at least two-thirds of the number of games scheduled for each club in his league that season;
(3) A pitcher must have pitched at least as many innings as the number of games scheduled for each club in his league that season. EXCEPTION: If another pitcher has a fielding average as high or higher, and has handled more total chances in a lesser number of innings, he shall be the fielding champion.

DETERMINING THE MAGIC NUMBERS: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

DETERMINING BATTING AVERAGE: Divide the number of at bats into the number of hits.

DETERMINING AN EARNED-RUN AVERAGE: Multiply the number of earned runs by nine, take the number and divide it by the number of innings pitched.

DETERMINING SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total times at bat. (At bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction.)

DETERMINING ON BASE PERCENTAGE: Add the total of hits, walks and hit by pitches and divide by the total of at-bats, walks, hit by pitches and sacrifice flies.

DETERMINING FIELDING AVERAGE: Divide the total putouts and assists by the total of putouts, assists and errors.

DETERMINING PERCENTAGE OF GAMES WON AND LOST: Divide the number of games won by the total games won and lost.

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit. The player's individual consecutive-game hitting streak shall be determined by the consecutive games in which the player appears and is not determined by his club's games.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

SUSPENDED GAMES: For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on the original date of the game.

"SAVE" RULE: A pitcher shall be credited with a save when he meets all three of the following conditions:
(1) He is the finishing pitcher in a game won by his club, and
(2) He is not the winning pitcher, and
(3) He qualifies under one of the following conditions:
  (a) He enters the game with a lead of no more than three runs and pitches for at least one inning, or
  (b) He enters the game regardless of the count, with the potential tying run either on base, at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces), or
  (a) He pitches effectively for at least three innings.

DESIGNATED HITTER RULE: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game.

The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role.

The designated hitter is eligible for all American League batting titles.

The designated hitter named in the starting lineup must come to bat at least one time, unless the opposition changes pitchers.

SCORING RULE ON PINCH-HITTERS: A player shall be considered a pinch-hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared he will not be considered a pinch hitter during that second time up.

A substitute hitter for a Designated Hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a Designated Hitter only.

EARNED-RUNS RULE: The determination of earned-run is as follows:

'An earned-run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls; and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play.'

Until 1969, the reliever could not be charged with an earned-run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now, runs, scored by batters who reach base off the reliefer are charged as earned on that pitcher's record. They are not, however, charged as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against the individual pitchers of that team.

DOCTORED BAT: A batter is out for illegal action when he uses or attempts to use a bat that, in the umpire's judgment, has been altered or tampered with in such a way to improve the distance factor or cause an unusual reaction on the baseball. This includes bats that are filled, flat-surfaced, nailed, hollowed, grooved or covered with a substance such as paraffin, wax, etc. No advancement on the bases will be allowed and any out or outs made during a play shall stand. In addition to being called out, the player shall be ejected from the game and may be subject to additional penalties as determined by his League President. (Rule 6.06d).

DETERMINING A "MAJOR LEAGUE YEAR": 172 days constitute a full year in the major leagues.

MAJOR LEAGUE SERVICE:
is credited for each day the player appears on an active roster *or* major league disabled list or suspended list.
in the case of a player called up from the minor leagues, is credited beginning with the date he physically reports.
in the case of a major league player who is traded and reports in the normal course, service is not interrupted.
in the case of a player sent down to the minor leagues, is credited through the date of the assignment.
in the case of a player who is unconditionally released, is credited through the date waivers were requested.
in the case of a player designated for release or assignment (MLR 2), is credited after the designation, through the date of the actual assignment or the request for unconditional release waivers.
for a player who appears on his club's opening day roster, is credited as of the earliest scheduled opener, without regard to the actual opening date of his own club.
is credited at the rate of 172 days per "year', though the season is actually 182 days long.
is not credited during any period or periods of optional assignment totalling 20 days or more during a single season.

ROOKIE QUALIFICATION: A player shall be considered a rookie unless, during a previous season or seasons, he has (a) exceeded 130 at bats or 50 innings pitched in the major leagues, or (b) accumulated more than 45 days on the active roster of a major league club or clubs during the period of a 25-man limit (excluding time in military service).

GAME WINNING RBI: The RBI that gives the club the lead it never relinquishes. (Note: There does not have to be a game-winning RBI in every game and all game-winning RBIs must conform to RULE 10.04).

PLAYING RULES:
Spectator Interference—batter, runner and other runner(s) will be placed at the base(s) which the umpires feel they would have reached with no interference.

Time—ball is dead, play suspended. This sign used when ball is foul, umpire then pointing to foul territory.

Batted Balls Fair or Foul—if fair, umpire points to fair territory—if foul he raises arms overhead (as in "Time" above) and then turns and points to foul territory, and vocally calls "foul".

SCHEDULE: The AL schedule uses a balanced format in which each club plays twelve games against all 13 opponents, for a total of 156 games. This includes six home contests and six away against each opponent. However, in order to reach the seasonal total of 162 games, it is necessary to add six games to the above 156 total. This is accomplished by having each club play six additional games within its division—three home and three away, one with each club in its division.

Others associated with the two clubs include Blue Jays Equipment Manager JEFF ROSS (previously worked for the Expo clubhouses and ground crew), Expos Equipment Manager JOHN SILVERMAN (held same position with Toronto), Jackie Moore, Coach with the Expos (held same position with Toronto 77-79) and Chicago Cub Travelling Secretary PETER DURSO (Travelling Secretary [Expos], Director, Promotions [Blue Jays]).

1988 TORONTO BLUE JAYS — A RETROSPECTIVE

OVERVIEW: After ending the 1987 season with seven consecutive losses and surrendering a seemingly certain division title, many wondered how those fateful seven games would affect the BLUE JAYS as they entered the 1988 season. Would it adversely affect them so they would not be able to remain in the upper echelon of the powerful East Division or would they be able to put it behind them as the search for the club's second division title in four years began? Whatever the reasons, the 1988 season would be remembered by fans as a season that could have brought a playoff berth to TORONTO had the season lasted another week. After spending the first five months of the season in the A.L. East's second division, the BLUE JAYS caught fire on Labour Day weekend and finished the season with 22 wins in their last 29-games, finishing in third place just 2.0 games behind the division winning Red Sox. Looking back on the season fans will look at the games that the club squandered in the early going which may have snuffed out a division title. But they will also look ahead to 1989 with renewed optimism from a promising September/October, 1988.

WINS AND LOSSES: The BLUE JAYS finished the season with an 87-75/.537 record, 2.0-games behind the division leading Boston Red Sox. The 87-75 record is a nine-game drop from the 1987 season (96-66) when they also finished 2.0-games behind the leaders, but in second place. . . The BLUE JAYS were 45-36/.556 at home marking the seventh consecutive season that they had played above .500. . . The club was also 42-39/.519 on the road, falling just three wins short of the club mark (45-36, 1985) and over .500 for the fourth consecutive season. . . The BLUE JAYS won their first two-games of the season, April 4th; 6th at Kansas City, marking the second time in two years and in franchise history that they had won their first two-games of the season. . . The club was 47-31/.603 vs the East their best record ever but only 40-44/.476 vs the AL West, marking the first time since 1981 (22-42) and the sixth time in franchise history that the club had been under .500 against the other division. . . The BLUE JAYS won the season series from five of their six division opponents (exception, 6-7 vs Milwaukee) including an 11-2 record vs the division winning Boston Red Sox. . . The BLUE JAYS won the season series from two of their West Division opponents (8-4 vs Kansas City; 7-5 vs Chicago) but did split the season series (6-6) with the Angels and Rangers. . . The BLUE JAYS were 7-0 at Fenway Park marking only the second time in franchise history that the club had gone undefeated in another club's stadium (6-0 at Oakland in 1982). . . Conversely, the club was 0-6 at Exhibition Stadium vs Oakland. . . It marked the fourth time in franchise history that the BLUE JAYS had been shutout by an opponent in a season series at home. . . Only other times, 0-6 vs Oakland in 1977, 0-4 with Boston in 1981 and 0-2 vs Texas in 1981. . . The club finished the season on a high note, tying their season high with a six-game win streak (September 24-October 2nd [3-at Boston/3-vs Baltimore]). . . They previously won six in a row from May 31st-June 5th (2-Milwaukee/4-at Boston), August 8-13th (1-Kansas City/3-at New York/2-at Kansas City) and September 1-6th (4-vs Texas/2-at Detroit). . . Most games above .500, 12-games on October 2nd (87-75, tied/3rd, 2.0 GBL). . . Most games under .500, eight-games on May 26th (19-27, 6th, 12.0 GBL); May 28th (20-28, 6th, 12.0 GBL) and May 30th (21-29, 6th, 12.0 GBL). . . BLUE JAYS were at the .500 mark on April 26th (9-9, 5th, 5.5 GBL) and did not reach that plateau again until June 24th (37-37, tied/5th, 8.0 GBL). . . In fact, the BLUE JAYS were over .500 for only 55 of the 182 calendar days in 1988 (30.2%) including a 30-day stretch from September 3rd-October 2nd. . . The club was at .500 or above for only 25 of the first 152-days of the season (16.4%), much of this in a 16 day stretch to start the season. . . The club fell to 4-5 on April 13th marking the first time since June 15, 1986 that they had fallen below the .500 mark. . . Following are miscellaneous won/loss statistics:

1988 Retrospective (continued)

PITCHING DATA: Pitching by month: April (9-13-6, 22-games, 4.16ERA); May (13-16-8, 29-games, 3.70ERA); June (17-11-12, 28-games, 3.84 ERA); July (12-14-5, 26-games, 4.08ERA); August (14-14-8, 28-games, 3.89ERA); September/October (22-7-8, 29-games, 3.22ERA)... Only the New York Yankees' bullpen (550.0) logged more innings than the BLUE JAYS (481.0) or total batters faced (2,363 to 2,069)... Opponents hit an accumulative .256 vs the bullpen... The starters completed only 16-games which tied them with the Yankees for the second fewest in the league behind the White Sox (11)... In fact, the BLUE JAYS did not record a complete game until the club's 26th game of the season (May 4th, CLANCY loses 3-2 at Oakland), the latest date in franchise history that the club has gone without a complete game... The club did not record a complete game win until STIEB defeated the White Sox 5-1 on May 16th (club's 37th game, third complete game of season)... BLUE JAYS starters surrendered the fewest hits in the league (945) and had the fourth fewest strikeouts (559)... Opponents batted an accumulative .256 against the starters.

BATTING DATA: For the second consecutive season the BLUE JAYS led the league in HR's despite an obvious power shortage from the previous season (158 from 215 in 1987)... The club tied the club mark for grand slam HR's (3-JESSE BARFIELD [2], GEORGE BELL [1]) and led the league in total bases (2,330), triples (47), and slugging percentage (.419) and reached double figures in hits on 70 occasions... The club's .268 average was the club's lowest since batting .262 in 1982 but only one point below their mark for their three previous years... Also 5,557 at bats, 2,330 total bases, 31 hit batsmen and .419 slugging percentage were the club's lowest since 1982 and 145 GIDP's were the club's highest total since 1977 (156).

PINCH HITTING: BLUE JAYS' pinch hitters batted an all-time low .202 for the season, surpassing the previous low of .222 (1985)... The club also had two HR's with 18 RBI... The club did, however, garner 22 walks which was second in the league behind the Tigers... At one point BLUE JAYS' pinch hitters went a collective 0-25 between August 20-September 16th... Club pinch hitters also did not collect an RBI from July 26th through the end of the season.

DESIGNATED HITTERS: While club pinch hitters encountered numerous difficulties getting untracked, club designated hitters were just the opposite... Club DH's combined for a league leading .288 batting average and led the league in HR's (25), GW RBI (16), runs (90), hits (176), slugging percentage (.474), on-base percentage (.369) and were second in RBI (95) and triples (3)... The team also set club DH marks in average, hits and sacrifice flies (9)... RANCE MULLINIKS led all league DH's with a .308 average (minimum 300 at bats) as well as a .487 slugging percentage and a .406 on base percentage.

STREAKS: Longest win streak, six-games on four occasions (May 31-June 5th [2-Milw., 4-at Bost.], August 8-13th [1-KC, 3-at NY, 2-at KC], September 1-6th [4-Tex., 2-at Det.] and September 26-October 2nd [3-at Bost., 3-Balt.])... Longest losing streak, six-games, April 24-30th (1-at NY, 3-Oak., 2-Calif.)... From April 24-May 30th the club did not win more than two in a row and only accomplished that on two occasions... Conversely, after the six-game losing streak (April 24-30th), the club did not lose more than three in a row from May 1-July 3rd... Longest home win streak, four-games (September 1-4th [4-Tex.], September 13-16th [2-Det., 2-Clev.] and September 21, 30-October 2nd [1-Bost., 3-Balt.])... Longest home losing streak, five-games (April 26-30th [3-Oak., 2-Calf.])... Longest road win streak, six-games (July 27th; August 9-13th [1-Minn., 3-NY, 2-KC])... Longest road losing streak, five-games (August 14-17th; 26-27th [3-Chgo., 2-Tex.])... Win/losing streaks by month: April (5/6); May (2/3); June (5/3); July (3/4); August (6/3); September/October (6/2).

SERIES: The BLUE JAYS were 26-19-7 in season series, 15-8-3 at home and 11-11-4 on the road... The club was 6-6 in series that were swept in 1988... The club swept four-game series at Boston (June 2-5th) and vs Texas (September 1-4th), swept three-game series vs the Orioles (September 30-October 2nd) and at Boston (September 26-28th) as well as at New York (August 9-11th) while taking a two-game series at home vs the Royals (April 19-20th)... The club was swept in three-game series vs the Athletics (two three-game series, April 24-26th; July 1-3rd) and at Cleveland (three-games, June 6-8th) and two-game series at Oakland (May 4-5th), at Chicago (August 16-17th) and vs the Rangers (May 17-18th)... Series record by month: April (3-4-1 overall/1-3-1 at home/2-1-0 at home); May (4-4-2/3-1-0/1-3-2); June (5-2-1/4-0-0/1-2-1); All-Star Break (13-12-4/9-6-1/4-6-3); July (3-4-1/1-3-0/2-1-1); August (3-4-2/1-1-2/2-3-0); September/October (8-1-0/5-0-0/3-1-0); post All-Star break (13-7-3/6-2-2/7-5-1)... A nemesis since 1984, the BLUE JAYS continued to have trouble in the final series of a road trip... Of the club's nine multiple city road trips in 1988, they were 2-7 in those final stops including losing six series in a row from May 24-26th (at Texas) through September 9-11th (at Baltimore)... The club finished strongly, winning their last six series from September 12th and were 6-1-2 in their last nine home series despite having trouble winning at home for much of the season.

INJURIES: The BLUE JAYS were hurt by injuries in 1988 with numerous players spending time on the disabled list... Following is a breakdown of days missed due to disablement:

MANNY LEE	(March 30-April 12th)	8 days
JEFF MUSSELMAN	(March 22-June 15th)	72 days
JIMMY KEY	(April 15-June 29th)	75 days
RANCE MULLINIKS	(April 12-May 2nd)	20 days
MANNY LEE	(May 12-June 1st)	20 days
JESSE BARFIELD	(May 16-May 31st)	15 days
JOSE NUNEZ	(June 3-18th)	15 days
PAT BORDERS	(July 15-August 18th)	15 days
LLOYD MOSEBY	(July 31-August 16th)	16 days
SILVESTRE CAMPUSANO	(August 4-September 2nd)	29 days
NUMBER OF DAYS LOST TO THE CLUB SINCE APRIL 4th		285 days

The BLUE JAYS lost to disablement the second highest number of days in franchise history... The club record is 456 days in 1986... Following is a year-by-year breakdown of days lost due to injury: 1977 (132); 1978 (118); 1979 (238); 1980 (183); 1981 (44); 1982 (60); 1983 (70); 1984 (64); 1985 (188); 1986 (456-due largely to season-long disablement of pitchers Gary Lavelle and Tom Filer) and 1987 (158)... Nagging injuries which did not require time on the disabled list plagued players throughout the season... Third baseman KELLY GRUBER injured the little finger of his left hand on August 11th... From that point through season's end, he batted .254 in 43-games with three HR's and 18 RBI... DAVID WELLS, who was used in 35 of the club's first 78-games saw his ERA balloon from 3.53 at the end of May to 4.40 at the All-Star break due to a tired arm... TONY FERNANDEZ was plagued by a sore left knee which sometimes affected his range and certainly affected his speed... He finished the season with 15 stolen bases after stealing 75 in three-plus seasons prior to 1988... He was also still feeling the affects of off-season surgery on his

1988 Retrospective (continued)

right elbow which hampered his throwing ability. . . JESSE BARFIELD spent the first half of the season still recuperating from surgery to the left wrist. . . In the first half he batted .209 with seven HR's and 26 RBI in 69-games compared to .278 with 11 HR's and 30 RBI in 55-games after the mid-summer classic. . . RICK LEACH sustained a bruised right forearm injury at Milwaukee on May 22nd. . . He proceeded to endure a 2-for-22 stretch before regaining his batting touch just prior to the All-Star break. . . SAL BUTERA sustained a bruise to the big toe of his left foot on a home plate collision at New York on August 9th. . . LLOYD MOSEBY continued to be plagued by back problems which some say was caused primarily by synthetic turf. . . His numbers (.239, 10 HR's 32 RBI) were certainly below par. . . Even the coaching staff suffered as pitching coach AL WIDMAR was felled in late May for the season after undergoing back and neck surgery.

NOTE: BLUE JAYS were delayed four times at home in 1988 due to rain. . . The longest delay was two hours, 13 minutes on August 23rd vs the White Sox. . . First pitch was 9:48 pm. . . BLUE JAYS won the game 7-2

DEFENDING AGAINST THE STOLEN BASE: The BLUE JAYS threw out 55 of 175 runners attempting to steal in 1988 for a 31.4 success rate. . . Following is a breakdown of the club's success rate when a particular pitcher is on the mound.

He was the only player in the league to twice receive the above award. Following are the Labatt's "Blue" Player of the Month Award winners for 1988.

LINEUPS: Manager JIMY WILLIAMS used a total of 108 different lineups in 1988. . . The most used lineup was used on nine occasions, that being TONY FERNANDEZ-SS/LLOYD MOSEBY-CF/RANCE MULLINIKS-DH/GEORGE BELL-LF/ERNIE WHITT-C/FRED McGRIFF-1B/JESSE BARFIELD-RF/KELLY GRUBER-3B/MANNY LEE-2B. . . That lineup was used on August 19th; 21st, 23rd, 31st, September 3rd; 5-6th; 9th and 11th. . . One lineup was used on seven occasions; one on six occasions, one on five occasions, three on four occasions, three were used three times and 16 different lineups were used on two occasions.

WHAT'S ON SECOND, I DON'T KNOW'S ON THIRD: When MANNY LEE stole second base and jammed his shoulder against the Angels on May 1st, little did he know that he would be starting one of the most bizarre tales in franchise history. . . After that game, second baseman NELSON LIRIANO was optioned to Syracuse, thus ineligible to return to the major leagues for a minimum of 10 days after he physically reported to Syracuse (Major League Rule 11 [b]). . . Subsequently, on May 2nd at Seattle when MANNY LEE was unable to play due to stiffness in his right shoulder, the BLUE JAYS were short an infielder. . . In that game, KELLY GRUBER started at second base with CECIL FIELDER at third base. GRUBER and FIELDER switched positions on 12 occasions depending on the batter. . . The next day, GRUBER switched with second baseman PAT BORDERS on 10 occasions. . . Finally on May 5th at Oakland, GRUBER switched positions on four occasions with the injured second baseman MANNY LEE.

POST-SEASON EPILOGUE

As the Blue Jays entered post season play for the first time, they would face the Kansas City Royals in the first ever best-of-seven American League Championship Series. . . The Blue Jays, who finished nine games ahead of the Royals in the loss column, were the favourites and would enjoy the extra home game.

In Game 1 Dave Stieb lived up to superstar billing, shutting out the Royals on three hits through eight innings with no base runner advancing past second base. The Blue Jays struck quickly with two runs in the second, three in the third and one in the fourth. The Blue Jays offense was sparked by 2 RBI performances by Ernie Whitt and Tony Fernandez.

Game 2 was a much more even affair with the Blue Jays eeking out a 6-5, 10-inning win. The Royals jumped into a quick 3-0 lead after $3^1/_2$ innings primarily on the strength of a 2 run HR by Willie Wilson in the 3rd inning. The Blue Jays rallied and took the lead on a George Bell sacrifice fly in the 8th. The Royals rallied, however in the 9th a on pinch hit HR by Pat Sheridan with the go ahead run being delivered in the 10th on a Frank White single. The Blue Jays won it in the bottom of the 10th on a two-out 2 run single by Al Oliver. On to Kansas City, the Blue Jays were up 2-games to none.

In Game 3, George Brett put on a baseball clinic going 4-4, 2 HR's, 3 RBI with 4 runs scored enroute to a 6-5 Royals win. Leading 5-2 after $4^1/_2$ innings the Blue Jays squandered the lead for good in the 8th when Brett led off the inning with a single and eventually scored.

Game 4, the Blue Jays came within one win of a World Series berth with a 3-1 come-from-behind victory. The Blue Jays won the game dramatically with 3 runs in the top of the ninth inning, the big blow being a 2 run pinch hit double by Al Oliver.

In Game 5, LHP Danny Jackson went the distance checking Toronto on 8 hits and scoring a run in each of the first two innings. Blue Jays still led the series 3-games to 2.

The Blue Jays and Royals returned to Exhibition Stadium for Game 6. Entering the 5th inning tied at 2-2 George Brett once again delivered the decisive blow with a solo HR. And, with 3.2 shutout innings of relief from Buddy Black and Dan Quisenberry, the Royals pulled even in the series for the first time at three-games apiece.

October 16th – Game 7 – Dave Stieb, the ace of the Toronto staff vs eventual Cy Young Award winner Bret Saberhagen. The Royals came out on top 6-2 shellacking Dave Stieb for six runs in 5.2 innings. The big blow being a wind-assisted bases clearing triple by Jim Sundberg to cap a four run 6th inning.

The Kansas City Royals became only the 5th club in major league history to trail a series 3-games to one and comeback to win the series. The Blue Jays? They slumped immediately after scoring five runs in the 5th inning of Game 3 scoring only eight runs in the last 40 innings.

Voting is conducted after each Blue Jays game, home and away, by a panel of accredited media personalities to select the outstanding Blue Jays player. The player with the greatest point total at the end of the season receives the Labatt's 'Blue' Most Valuable Player Award, along with $1000 and a cheque in a matching amount donated to the player's favourite charity. Monthly winners receive $500 and a matching amount to their favourite charity along with the Labatt's 'Blue' Player of the Month Trophy. In 1983 the award was split into separate 'Player' & 'Pitcher' awards.

CANADIAN BASEBALL HALL OF FAME

THE CANADIAN BASEBALL HALL OF FAME was inaugurated in 1983 to honour those who have made a major contribution to Canadian baseball.

The Canadian Baseball Hall of Fame and Museum is located at Ontario Place, opposite Exhibition Stadium in Toronto. The first level consists of the Musuem where artifacts from Canadian baseball history are diplayed. The second level is reserved for the persons who have made spectacular contributions to the game in Canada. Each inductee is honoured with a plague detailing his contribution to the game.

The Blue Jays organization have great pride in two of their own who have been inducted into Canada's Baseball Hall of Fame.

DR. RON TAYLOR, inducted in 1985 was a right-handed relief pitcher with five major league teams from 1962 to 1972.

Taylor, who helps in the game today as team physician for the Blue Jays, appeared in two World Series working seven innings without allowing a run.

In 1964, Taylor led the World Champion St. Louis Cardinals in appearances with 63 and saved game four of the World Series vs the Yankees with four innings of shutout ball.

In 1969, as a member of the New York Mets, Taylor led the club in saves (13) and appearances (59) and picked up a World Series save against the Baltimore Orioles.

Taylor started his career in 1962 with Cleveland and also pitched for Houston and San Diego.

He pitched 799 innings in 491 games for a record of 45 wins, 43 losses, 72 saves and a 3.93 ERA.

BOBBY PRENTICE, inducted in 1986, is one of Canada's most successful amateur scouts.

Prentice, who joined the Blue Jays as Director of Canadian Scouting on Nov. 1, 1976 had been associated for 17 years as a scout with the Detroit Tigers.

During his 10 full-time and seven part-time seasons as a Tiger scout, Prentice was responsible for signing of such Canadians as John Hiller, George Korince and Mike Kilkenny—three Canadians who pitched in the Tiger organization through the 1960s.

Prentice was also instrumental in the Tigers drafting of Dave Lemanczyk, who was playing for Guelph of the Inter-County League in Ontario. Lemanczyk went on to a major league career which included a stop with the Blue Jays.

His involvement in baseball doesn't stop with scouting.

He played in the Cleveland Indian organization for nine years between 1949 and 1957. As a power hitting infielder, Prentice led his club in home runs four times and led the Three I (Class B) League in RBI in 1950.

As a member of the American Association pennant-winning Indianapolis team in 1955, he was a teammate of such Indian greats as Herb Score and Rocky Colavito.

His greatest involvement in Canadian baseball comes as an inspiration to seek continued improvement for amateur baseball. He is directly involved in projects such as the National Baseball Institute, Pearson Cup Game and co-ordination of clinics for coaches and players across Canada.

RAWLINGS GOLD GLOVE AWARD

JESSE BARFIELD (OF) and TONY FERNANDEZ (SS) in 1986 became the first Blue Jays in the club's history to win Gold Gloves. Both BARFIELD (OF) and FERNANDEZ (SS) were repeat winners in 1987 while FERNANDEZ was the Blue Jays' sole representative–1988.

The famous Rawlings Gold Glove Award®, symbolic of fielding excellence, was first introduced by Rawlings in 1957. One major league team was selected the first year and included players like Gil Hodges, Nelson Fox, Roy McMillan and Frank Malzone in the infield, Willie Mays, Al Kaline and Minnie Minoso in the outfield, Bobby Shantz on the mound and Sherm Lollar behind the plate.

Since 1958, the Rawlings Gold Glove Award® has been presented annually to the eighteen players, nine in each league, by position. *These outstanding players are judged and selected as the best fielding players at their respective position by the major league coaches and managers prior to the conclusion of the regular baseball season.* Managers and coaches may not select players from their own club and only vote for players in their own league. Votes are tabulated for Rawlings by The Sporting News.
